- Speed of Flow in Vacuum, Job Site Pictures and Stories.
- Diagnostic Accuracy—Vacuum Gauge, New Test Pressure / Temp Kit, New Temp /RH

Presented by: Steve Mironenko, Jr.

United Components, Inc.

PRESIDENT'S MESSAGE

It is the mission of this chapter to further the technical expertise of our members. We do this thru our educational monthly meetings and seminars. Our monthly meetings have been doing well. We hope the attendance continues to grow. Planning seminars have become a problem. We have been unable to come up with a topic of sufficient interest to members to justify the expense of setting it up. Last month I asked members to let me know if they were interested in being on a list for a Manual J seminar. Nobody responded.

We will continue to research topics that we feel would be of interest to our members.

Drew Garda, President

It was Christmastime, and a kindergarten teacher was receiving gifts from her pupils. The Florist's son handed her a box. "I bet I know what it is," the teacher said.

"Flowers!"

"That's right." said the boy.

Next, the daughter of the candy store owner handed her a box. "Is it chocolates?"

"Yes!"

The next gift was from the son of the liquor store owner. The package was leaking, so the teacher touched a drop of the liquid with her finger and tasted it.

"Is this a bottle of wine?" she asked.

"No", the boy replied excitedly.

His teacher tried another drop. "Is it champagne?"

The boy-grinning, shook his head No.

The teacher took one more taste before declaring, "I give up, what is it?"

The boy shouted, with a grin "It's a puppy".

CHAPTER OFFICERS

PRESIDENT: DREW GARDA
VICE-PRESIDENT: HERB MEYER
SECRETARY: RICH BRUNO
TREASURER: STEVEN AIELLO

BOARD OF DIRECTORS

EDUCATIONAL CHAIR: STAN HOLLANDER, CMS
